Kosamba Mahuvej Road, At & Po. Kosamba (R.S),
Dist: Surat

Date: -20/03/2017

Industrial Visit at BISAG

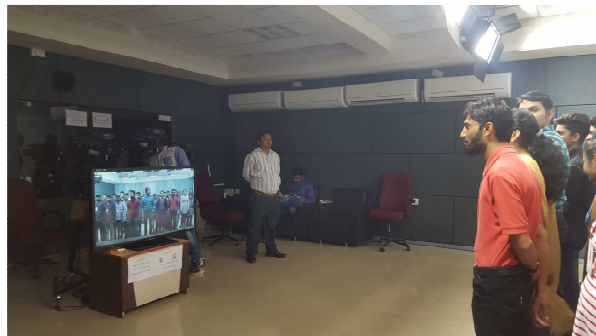

A.Y. Dadabhai Technical Institute, Kosamba focuses on the overall growth of the students. The Computer Department arranges many activity during the semester to improve the Students performance in every category like Elocution Competition, Quiz Competition and also Fun activities. Students must be familiar with the practical terms which are covered in their curriculum. So the Industrial Visit can make them understand how the theories work actually in the real world.

BISAG, formerly known as Remote Sensing and Communication Centre (RESECO), has been renamed after the great Indian Mathematician of the 12th century, "Bhaskaracharya" BISAG is a State level nodal agency to facilitate the use of spatial and geo-spatial technologies for the planning and developmental activities pertaining to Agriculture, Land and Water Resource Management, Wasteland/Watershed Development, Forestry, Disaster Management, Infrastructure and Education. The Institute started its operations in April 1997 and was renamed as "Bhaskaracharya Institute for Space Applications and Geo-informatics" in December 2003.

Total 26 students of 6th semester and 4 staff members went for visit. First we arrived at BISAG by 11:30 AM and meet with contact person who was responsible for our visit. He is very passionate person and also well experienced in his Field. He gave full detail about BISAG and its working areas like applications of the space technology and geo-informatics, Land and Water Resource Management, Wasteland/Watershed Development, Forestry, Disaster Management, Infrastructure and Education .

After this session we visited a studio which is used by different government programs like Chief Minister speech, conference, live lectures etc. GTU also use this studio for recording video lectures. We also visited control room from where all the controlling of videos are handled technically.

Students enjoyed this visit and also they learned many things related to space technology and studio management. All the information given to the students was very helpful in their further studies.
