Report on AI-Powered Resume Workshop: Stand Out, Get Hired

Organized by A.Y. Dadabhai Training and Placement Cell

Introduction:

A.Y. Dadabhai Training and Placement Cell organized an insightful workshop titled "AI-Powered Resume Workshop: Stand Out, Get Hired" for students of Mechanical, Electrical, and Computer Engineering. The workshop aimed to equip students with modern resume-building techniques using AI tools to enhance their job prospects.

Workshop Details:

Date: 24th December 2024

Venue: A.Y. Dadabhai Training and Placement Cell

Expert Speaker: Mr. A.M. Hans, I/C Head of Computer Engineering Department

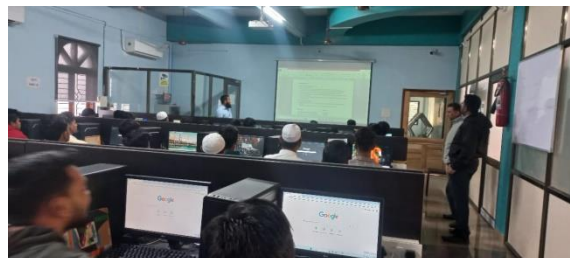

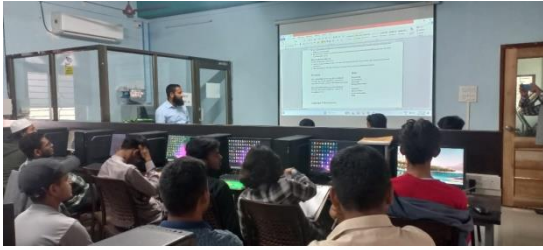

Mr. A.M. Hans

Participants: **53** students from Mechanical, Electrical, and Computer Engineering

Key Highlights of the Workshop

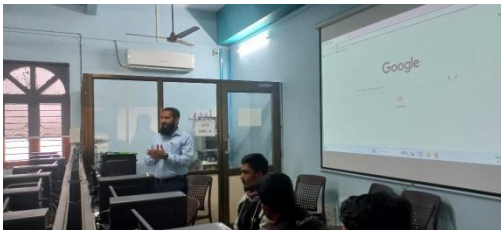

- Introduction to AI in Resume Building
- Importance of AI tools in resume writing
- How AI helps in keyword optimization for Applicant Tracking Systems (ATS)
- Essential Components of a Strong Resume
- Structuring the resume for maximum impact
- Importance of skills, achievements, and experience sections
- Mistakes to avoid in resume writing
- Live Demonstration of AI Resume Tools
- Hands-on session on AI-powered resume builders
- How to tailor a resume for specific job roles
- Tips to make a resume ATS-friendly

Q&A Session:

Students interacted with Mr. A.M. Hans to clarify doubts on resume customization, industry expectations, and job applications.

Conclusion:

The workshop provided valuable insights into modern resume-building techniques using AI. The students actively participated and learned how to enhance their resumes to stand out in the competitive job market. The session was highly informative and beneficial, ensuring students are well-prepared for their future careers.
