## **Advance Concept – Bootstrap**

A.Y. Dadabhai Technical Institute, Kosamba aims to cater the society with skilled manpower and efficient team members. Institute believes in total improvement of each student. Since 2009 Computer Department of A.Y. Dadabhai Technical Institute has served many scholar students to the society. Today's Era is Computer and Internet Era.

Hence we, at Computer Department planned the Expert Lecture on Advance Concept Bootstrap for **3<sup>rd</sup> Semester** students on **30<sup>th</sup> December 2022**. We invited **Ms. Disha Patel and Mrs. Ani Raval** from TechoMax Solution, Bharuch to deliver the Useful Information about the Bootstrap. They introduce the basics of all cutting edge technology in the field of Bootstrap.

Moreover, they discussed about the Features of Bootstrap, Bootstrap Versions, Languages influenced by Bootstrap, Bootstrap Syntax and semantics, etc. Bootstrap is an open-source CSS framework designed to come up with mobile-friendly, responsive front-end web development. It consists of enormous versatile and reusable pieces of code written in HTML, JavaScript, and CSS.

As a framework, fundamentals are already placed for responsive web development, and developers simply need to position the code in a premeditated grid system. Therefore, while coming up with a new website or application, Bootstrap is a boon because it waives off the burden of coding from scratch. You can efficiently blend its ready-made coding blocks, CSS-Less functionality, and cross-browser compatibility to save tedious hours of coding.

This Session has opened up many horizons among Student's mind, specifically to choose their Career. Many Students has decided to their Future in the Field of Bootstrap.

Overall the purpose for organizing this Expert Lecture is fulfilled completely. Student had cherished this experience and also showed their interest to attend further workshops in their curriculum. As per the feedback received from the participants it was very good learning experience, the lecture helped them in their understanding the concept of Bootstrap, its working, its features, how to use it, etc.

## Glimpse of the Seminar
