A.Y.Dadabhai Technical Institute, Kosamba

Computer Engg. Department

Expert Lecture on Advance Java Prog.

Computer Engineering Department of A.Y.Dadabhai Technical Institute, Kosamba has arranged an expert lecture on Advance Java for final year students on 30th March 2017. As per the Curriculum of 6th Semester Diploma in Computer Engineering , students have to study Applet, AWT, Servlet and JSP in subject, named **Advance JAVA Programming.** A.Y. Dadabhai Technical Institute is very much concerned about the Professional Development of Each Student. Computer Engineering Department also takes regular steps to fulfill the Institute's vision and as well as Department's own vision. To pursue this vision Computer engineering Department organizes various Quiz Competition and Expert Lecture for Computer engineering Students. **Mr.Jaydeepsinh Barad**[Ass. Professor] from Sarvajanik College of Engineering, Surat has shared his Experience on Applet and Abstract Window Toolkit. He had spent 2 hours for the Expert lecture.

Now a day's JAVA is used in different areas like Android Apps, Server Apps at Financial Services Industry, Java Web applications, Software Tools, Trading Application, J2ME Apps, Embedded Space, Big Data Technologies, High Frequency Trading Space and Scientific Application. Mr. Jaydeepsinh Barad explain about AWT controls, Java AWT (Abstract Window Toolkit) is an API to develop GUI or window-based applications in java. Java AWT components are platform-dependent i.e. components are displayed according to the view of operating system. AWT is heavyweight i.e. its components are using the resources of OS.

The Expert Lecture was very helpful to the Students. As they are able to know the things to which they are unknown till this date. Students had also asked some queries at the end of expert lecture and exaggerates their gratitude for the Expert Lecture planned by the Computer Department of the Institute.

Glimpse of the Expert Lecture:
