

A.Y.Dadabhai Technical Institute, Kosamba

Computer Engg. Department

Expert Lecture on Visual Basic .NET

Date : 18/02/2019

Computer Engineering Department of A.Y.Dadabhai Technical Institute, Kosamba has arranged an expert lecture on **.net for 4th semester and MVC .net for 6th Semester** students on **18th February 2019**. As per the Curriculum of 4th and 6th Semester Diploma in Computer Engineering, students have to study basic .net and MVC .net, .net framework, control etc. in subject, named Visual Basic.NET. A.Y. Dadabhai Technical Institute is very much concerned about the Professional Development of each Student. Computer Engineering Department also takes regular steps to fulfill the Institute's vision and as well as Department's own vision. To pursue this vision Computer engineering Department organizes various Quiz Competition and Expert Lecture for Computer engineering Students. **Mr.Niraj Agnihotri** from **tops technologies** has shared his Experience .net Concept, MVC, Framework courses offered. He had spent 2 hours for the Expert lecture.

Now a day's .net is used in ASP.NET MVC gives you a powerful, patterns-based way to build dynamic websites that enables a clean separation of concerns and that gives you full control over markup for enjoyable, agile development. ASP.NET MVC includes many features that enable fast, TDD-friendly development for creating sophisticated applications that use the latest web standards and many more. Mr.Niraj Agnihotri explain about Basics of .Net, Importance and demand of .Net language and .net courses.

The Expert Lecture was very helpful to the Students. As they were able to know the things to which they were unknown till date. Students had also

asked some queries at the end of expert lecture and exaggerate their gratitude for the Expert Lecture planned by the Computer Department of the Institute.

Glimpse of Expert Lecture
