   (Computer lab-B-wing)

Civil Engineering Department of A.Y.Dadabhai Technical Institute, Kosamba has arranged a workshop on for 6th semester students on & 4th March 2020. Total 45 students benefitted with this workshop. As per the Curriculum of 6th Semester Diploma in Civil Engineering, students have to study to create models and drawings, with a focus on the core tenets of building information modeling.

They Had Given All The Essential Information Regarding Revit Software. After Completion Of Workshop, Students Have Enough Knowledge Regarding   From Autodesk that Helps Architects, Designers, Builders, And Construction Professionals Work Together Relationship Between Your 2D And 3D Drawings Is A Key Element In Revit. The Revit BIM Software Resolves this Issue Through The Relationship It Creates Between Your 2D And 3D Drawings.

This Workshop was very helpful to the Students. As they were able to know the things to which they were unknown till date. Students had also asked some queries at the end of workshop and exaggerate their gratitude for the workshop planned by the civil Department of the Institute. End of last they have given to participation & completion certificate to each student.
