## ABOUT TRUST

### ABOUT TRUST

The Surtee Sunni Vohra Muslim Education Society, Surat, established in Surat, in 1947 which is fully devoted to the noble cause of spread of education in the community of South Gujarat region. Trust objective is to impart quality education from Nursery, Primary, Higher Secondary, and Undergraduate to Post Graduate levels in Art, Science, Commerce, Vocational Training, Diploma Engineering, Technical Medicine etc.

The Surtee Sunni Vohra Muslim Education Society SURAT (SSVMES) is established in 1947, under the Bombay Public Trust act, 1950 (BCA XXIX of 1950) at Baroda Trust Registration No. F-14 Surat dated 21/07/1951.

### MISSION STATEMENT

A. Y. Dastgir Technical Institute, Kosamba, Dist. Surat aims to prepare high quality, dynamic and market driven technical manpower in various branches of engineering to cater the exact needs of industries, business and community and make them good and worthy citizens of our great country.

We are committed to empower the staff and students with essential technical knowledge and skill so that they will add their potential for overall progress and development of nation.

### VISION STATEMENT

To develop the institute as a center for excellence in technical education and to equip our staff holders with quality technical knowledge for better future of nation.

It is indeed a great pleasure and joint privilege for our Institute to present the annual magazine **Relate** *born in glory*.

The first issue of the magazine attempt to represent the complete picture of resources, facilities, events, activities & progress of the institute. It also shows the life of students & faculty members in the field of technical developments, arts, literature, sports etc.

I would sincerely place thanks to our students, faculty members & principal for their constant support for giving shape to this magazine.

Last but not the least, I would like to thank our management trust "The Sarathi Samsa Vidya Muslim Education Society, Surat" without whom this magazine would not have been possible.

I acknowledge the comments & suggestions received from the readers towards the improvement of this magazine and will be highly appreciated.

## COMPLIMENTARY MESSAGES

A.Y. Dadabhai Technical Institute Kosamba, Dist. Surat has entered into its fourth year of operation. Since beginning in 2008, our motto is to build a ideal polytechnic which can cater the all types of technical need of community, society and industry.

Our institute, society and industry to improve quality in education, promote modernization and the adoption of best practices.

**Rahem** (path to glory) is the first effort of our team, to exhibit our progress report with some technical knowledge - how of our staff and students in the market. It is a humble try to expand the activity of institute, but in future we will do better.

I am thankful to all team members of Rahem, and A.Y.D. staff & students.

M.A. Hakeem  
Principal  
A.Y. Dadabhai Technical Institute

I was much exhilarated to read that your gradual progress, has completed you to publish college magazine **Rahem** in fact.

I was looking forward to suggest you on my next visit to Kosamba.

In advance I congratulate you Mr. Principal faculty members and students to a success in your venture.

This is my prayer to Allah Subhanahu Ta'Alaa.

With you all success, salaam  
Mohamed Ahmed Dadabhai, Dubai.

# શુભેચ્છા - સંદેશ

વેઠમુદ ડૉક્ટર ડા. મ. હ. દેસાઈ  
(સી.બી. સેક્રટરી, ડી સુસ્વી સુન્ની વહીવટ મુસ્લિમ  
એજ્યુકેશન સોસાયટી, સુરત.)

રાષ્ટ્રના નિર્માણ માટે વહુરસ સમાજની સલા પડતી છે. સમાજની નામકિંત અને સંવાદની સંસ્થા ડી સુસ્વી સુન્ની વહીવટ મુસ્લિમ એજ્યુકેશન સોસાયટી સુરત સંચાલિત સેવાઓ દાદાભાઈ ટેકનીકલ ઇન્સ્ટીટ્યુટ, કોસંબાને સોંપી સંવલસરી નિમિત્તે અંતઃકરણપૂર્વક શુભેચ્છા પાઠવું છું.

સંસ્થાની આ પુનિવાદ સમગ્ર ગુજરાત સરકાર અને વિશેષતઃ દક્ષિણ ગુજરાતના તમામ સમાજના માટે આવીવદિ ૩૫ છે. ખૂબ ટુંકાગાળામાં સંસ્થાને સર્વોદ અને ખેલમૂલ ખ્યાતિ પ્રાપ્ત કરી છે. મારા મતે સોસાયટીના હિતકારણનું આ અર્થિનિપૂર્ક છે. સંસ્થા ઉત્તરોત્તર કમ્પાનીના શિખરો ઠર કરે તેવી અવલોકનાપાડથી હૃદયપૂર્વક દુરમ સુખરું છું.

મિતરાતી કિતિયે અને શિક્ષણની સામે વિદ્યાર્થીઓમાં માનવતા, રાષ્ટ્રનકિંત અને કોમી એકતાની પાલો સુદૃઢ અને તેવી અભિલાષા વ્યક્ત કરું છું.

“મેં અહેલા હી ચલા ઘા જનિયે મજિબ મગર,  
લોગ સમ્ય આતે જમે ઝીર કરવા બનતા ગયા.”

# INSTITUTE

## ABOUT INSTITUTE

A.Y.Dadabhai Technical Institute (polytechnic) established in 2007, and first admission of 240 students in 2008, since 2009 our intake increase to 360 with five diploma engineering courses. The institute is approved by AICTE, Govt.of India) with permanent ID No.1-404292091

## ACADEMIC PROGRAMMES

No.	Courses Offered	Intake Capacity	Duration
1	Dip in Civil Engg.	60	3 Yrs.
2	Dip in Computer Engg.	60	3 Yrs.
3	Dip in Electrical Engg.	60	3 Yrs.
4	Dip in Electronics & Com	60	3 Yrs.
5	Dip in Mechanical Engg.	120	3 Yrs.
Total		360	

## FACILITIES

- Qualified and experienced faculties
- Well equipped laboratories
- Latest computer centers
- Seminar hall with modern audio-visual facilities
- Green, campus & surroundings and educational atmosphere
- 24 x 7 Internet connectivity
- Full-fledge library with full of technical books and magazines with e-library facilities.
- Co-curricular and extra-curricular activities.
- Good inter-college relations
- Industry-institute interaction cell
- All possible facilities for sports with ground
- Regular industrial visits & training
- Management is committed for quality education.
- Trust has vision for higher & technical education.

# OVER VIEW OF INSTITUTE

## OTHER FACILITIES

### • Students Store >

The student store is running on profit no loss basis, provides all necessary material, stationery, instruments etc.

### • Sports >

The play ground is available for cricket, volleyball etc. the necessary kits provided by institute. The sports week arranged every year, there is facility for indoor games also GTU also arrange such type of activity.

## LOOKING BEYOND CURRICULUM

➤ Besides academics, students are encouraged to participate in co-curricular and extra-curricular activities which are spread over the entire academic calendar like >

- Annual programme
- Debates
- Quiz
- Seminars
- Group Discussion
- Sports Like Cricket, Volleyball, Badminton
- music, dance
- Blood Donation Camp
- Thalassemia awareness programme

## ISTE CHAPTER

### ◆ About ISTE:

The Indian society for Technical Education is a national, professional, non-profit making society registered under the Societies Registration Act of 1960. First started in 1941 as the Administration of Principals of Technical Institutions (APTI); it was converted into "Indian society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education.

### ◆ The major objectives of the ISTE are:

- To formulate the general goals & responsibilities of technical education.
- To adjust curriculum & educational processes to changing conditions.
- To develop effective teachers & educational administrators.
- To improve instructional methods & practices & administrative usages.
- To enhance professional ideas & standards.
- To foment research as a function complementary to teaching.
- To cultivate fraternal spirit amongst the teachers, administrators, industrialists & professionals.
- To bring about effective linkage between technical institutions industry & society.
- To award honorary fellowship, Awards and prizes, for furthering the objectives of Technical Education.

❖ The following course modules are available with the ISTE:

- Induction trainings for teachers
- Institutional management
- Industry-Institute Interaction
- Strategic planning for Institutional development
- Performance Appraisal and Development System
- Leadership in Institutions
- TQM in technical education
- Women in Development
- Primary management skills
- Environmental Issues in Technical Education

❖ **Role of our Institute under ISTE:**

Our Institute getting Institutional membership certificate and ISTE chapter certificate in November-2012 with 35 staffs having lifetime membership.

With Institutional membership and ISTE chapter certificate we can organize any activity/course module said above.

ISTE chapter is divided into staff chapter and student chapter.

Under ISTE staff chapter we can organize any faculty development program like STIPs for improving skills of the staffs.

Under ISTE student chapter we can organize various activities for the students for their development.

We will start our ISTE chapters in the starting of the even semester.

# DETAILS OF DEPARTMENTS

## ◀ CIVIL ENGG. DEPT. ▶

**Construct mind to design the world**

### MISSION -

To convey quality education of civil engineering attuned to the needs of the industry with emphasis on practical exposure aided by well equipped laboratories, which in turn feed a vigorous research and development programme in addition to creating capabilities for different field of civil engineering.

### VISION -

To be the fountain-head of new ideas and innovations by seeking highest quality in Civil Engineering, from India and neighboring countries.

### ▶ Laboratories:-

- Surveying Lab.
- Hydraulics Lab.
- Environmental Engineering Lab.
- Applied Mechanics Lab.
- Engineering Mechanics Lab.

Applied Mechanics Lab.

# DETAILS OF DEPARTMENTS

## ◆ COMPUTER ENGG. DEPT. ◆

### MISSION :-

The mission of the Computer Engineering is to create engineers that are equipped with the necessary decision-making, computing, teamwork and leadership skills that they can use to creatively design, manage and improve a wide horizon of computer world to serve modern society.

### VISION :-

To create good engineers not only skill wise but also socially that can not only work as a team member but also lead the team to design new technologies in computer field.

### ABOUT DEPARTMENT :-

The department strives to make learning more creative, interactive and information driven by using sophisticated methods. High end, sophisticated computing facilities are available to meet the project requirements and to encourage research activities. Computers across all the laboratories have been networked for effective use of facilities available.

### FACILITIES :-

- Fully air conditioned, spacious and well equipped with High end Computers having latest Pentium Processors, with 8 Mbps internet speed.
- All computers are having latest version, with UPS for back up. More over printers, scanner etc. also available.
- A well designed Laboratory Having Many types of software with an LCD projector with capacity of 50 seats available with air conditioning machine.

# ELECTRICAL ENGINEERING DEPARTMENT

## MISSION :-

The mission of the Electrical Engineering Department is to prepare students to have strong technical, scientific & professional skills and qualities with emphasis on design & commitment to lifelong learning.

## VISION :-

To be among the best general departments in the country and to establish an international reputation as a centre for research and teaching in building block of other departments. To keep abreast of the latest developments, the department keeps on periodically updating and revising its teaching and research schemes and introduce new courses.

# MECHANICAL ENGINEERING DEPARTMENT

## MISSION

The mission of department is to create world class facilities for education, research, invention and innovation in the field of mechanical engineering by increasingly changing its orientation towards industries, towards the needs of the society, even maintaining its flexibility and adaptability to global changes and advancements in technology.

## VISION

The Mechanical Engineering Department is committed to

1. prepare effective and responsible engineers for global requirements by providing quality education;
2. continually strive to improve pedagogical methods employed in delivering the academic programs;
3. respond effectively to the needs of the industry and changing world;
4. conduct basic and applied research and to generate intellectual property;

Provide consultancy to the neighborhood and cultivate the spirit of entrepreneurship

# GENERAL DEPARTMENT

## MISSION

Our overall objective for the next few years is to strengthen the uniquely interdisciplinary nature of the Department. As we know, the AYD Technical Institute is always intent to impart training not merely in the fundamentals of science and technology but also in innovative thinking. This is likely to be of the most importance in a rapidly changing world where the nature of knowledge has been transformed almost beyond recognition. It can and must respond with vigor to the challenge posed by the global dilemmas of the new millennium.

The department has excellent opportunities and facilities for the pursuit of research and development. For the fulfillment of its teaching and research goals, the Department has competent faculty members with a high degree of excellence who keep pace with the current developments in their fields of specialization.

## VISION

To be among the best General Departments in the country and to establish an international reputation as a centre for research and teaching in building block of other departments. To keep abreast of the latest developments, the department keeps on periodically updating and revising its teaching and research schemes and introduce new courses.

# CENTRAL LIBRARY

## A.Y. DADABHAI TECHNICAL INSTITUTE LIBRARY

The Library plays a vital role in providing & nurturing knowledge and aids in learning & teaching activities. The primary purpose of the library is to support teaching, research, academic & management programs. It serves as the workshop for the entire college students and faculty alike.

### OBJECTIVE

1. To serve as the hub of Learning.
2. To support institutional vision through providing qualitative services for making Knowledge Making Community.
3. To enhance reading habits as well as develop the skill of searching information from Internet among the user community of library.
4. To act as the gateway of knowledge and invention that exists in print and digital formats.
5. Updating and improving Library information management system.

A.Y.Dadabhai Technical Institute Library is fully computerized with the implementation of SOUL 2.0 (Library Software from INFLIBNET) along with Bar Code System.

It has huge collection of technical books and non-printed material like CDs and DVDs. Also providing internet facility to support e-library and bibliography services.

### LIBRARY COLLECTION DETAILS

- |                         |   |
|-------------------------|---|
| 1. Total Books          | = 4808 (Including 1000 Reference Books) |
| 2. Complementary Books  | = 175                                   |
| 3. CDs & DVDs           | = 278                                   |
| 4. Journals & Magazines | = 14 + 5 International Journal          |
| 5. News Papers          | = 5                                     |

### FACILITIES

Library provides two books for 15 days to the students and 10 books to the staff members, provision of reservation of books and display for new arrivals with internet facility.

## TRAINING

Installation & Operation of SOUL 2.0 held at Information & Library Network (INFLISNET) Center, Ahmedabad during 12th - 16th July - 2010.

## INTERNATIONAL CONFERENCE ATTENDED

"KNOWLEDGE FOR ALL : ROLE OF LIBRARIES AND INFORMATION CENTERS"  
Organized by Indian Library Association (ILA) & Tata Institute of Social Science, at Deonar, Mumbai  
- 12th - 15th Nov. 2008.

9th International CALIBER - 2011 "Towards Building & Knowledge Society : Library as a catalyst for knowledge Discovery & Management" Organized by GOA University & Infliatnet Center Ahmedabad from 2-4th March - 2011.

# SPORTS

## RANBHUMI-2011

THE SPORT EVENTS

27<sup>th</sup> NOV. TO 30<sup>th</sup> NOV.

The events of Ranbhumi 2011 were held on 27<sup>th</sup> Nov. to 30<sup>th</sup> Nov. A prize-distribution function was held on 30<sup>th</sup> Nov. with the great encouragement of our Principal, Dr. M. M. Dulhavia, Mr. Vinod Chaudhary (Trainer of the institute) and our chief guest Mr. Anil Joshi (PO of Ranavda district) to the winners of different games.

GAME	TOTAL TEAM / PARTICIPANTS	WINNER
CRICKET	16 TEAM	Electrical Engg. 5 <sup>th</sup> semester students
VOLLEYBALL	16 TEAM	Mechanical Engg. 5 <sup>th</sup> semester students
TABLE TENNIS	12 PARTICIPANTS	Ms. Krishna H. Makwana, [Electronics & Communication Engg. 5 <sup>th</sup> Sem student]
BADMINTON (BOYS)	42 PARTICIPANTS	Mr. Mayank Kumar, [Mechanical Engg. 5 <sup>th</sup> Sem student]
BADMINTON (GIRLS)	8 PARTICIPANTS	Ms. Poojagathi Meghna, [Electrical Engg. 1 <sup>st</sup> Sem student]
CHESS	42 PARTICIPANTS	Mr. Harsh A. Shah, [Mechanical Engg. -A 1 <sup>st</sup> Sem student]
CARROM (BOYS)	32 PAIRS	Mr. Kirit N Patel & Mr. Pratik R. Patel, [Electrical Engg. 5 <sup>th</sup> Sem students]
CARROM (GIRLS)	4 PARTICIPANTS	Ms. Poojagathi Meghna, [Electrical Engg. 1 <sup>st</sup> Sem student]

# TRAINING & PLACEMENT CELL

## ABOUT

- ✓ The Institute has a full-fledged Training & Placement Cell established in the Year 2010.
- ✓ The cell provides support base for placement to final year students in the form of arranging campus interviews, grooming students to face final test of their knowledge.
- ✓ The students are given training in their Aptitude, Technical, Communication, Logical & Verbal Reasoning and Soft Skills from the Second year of their Diploma Engineering.
- ✓ Arrangement for Guest Lectures and Training Programs by experts from various Engineering Colleges & Industries are carried.
- ✓ A number of well-reputed companies are invited for the On & Off-Campus Recruitment Drive every year and thus the placements of the students are facilitated.

## OBJECTIVES

- ✓ To provide employment opportunity and best training to students in leading organizations.
- ✓ To help students in pursuing their career goals by acquiring employment seeking skills & ultimately to attain desired employment.
- ✓ To build a strong partnership amongst Students, Alumni members & Industry.
- ✓ To create data bank of technicians to cater the need of Industry.
- ✓ To encourage & guide students to pursue higher education.

## UDISHA CLUB

### STUDENT MEMBERS

1) Kayash-Rahul V. (106010169027)	3 <sup>rd</sup> Year Electrical Engg.
Email- kayash.rahul.kayash@gmail.com	Mo. 9601579484
2) Kher Ajaykish P. (106010119016)	1 <sup>st</sup> Year Mechanical Engg.
Email- ajoykher1011@yahoo.com	Mo. 9913021889
3) Vasava Akshay P. (106010319179)	1 <sup>st</sup> Year Mechanical Engg.
Email- akshay.vasava24@yahoo.com	Mo. 8856865334
4) Khatri Lakshmi M. (106010331015)	1 <sup>st</sup> Year E&C Engg.
Email- khatri_laksh@yahoo.com	Mo. - 8511661269
5) Gohil Harshil S. (106010396730)	3 <sup>rd</sup> Year Civil Engg.
Email- harshilgohil14@gmail.com	Mo. 7600052801
6) Misry Rishabh K. (106010307042)	1 <sup>st</sup> Year Computer Engg.
Email- rishemistry777@yahoo.co.in	Mo- 9712592306

UDISHA CLUB co-ordinates with students & helps in mapping them to the industry for IDP/UDP based final year project, at the end of fourth semester GTU exams.

Students visits industry during vacations and with guidance from faculty as well as industry co-ordinators comes out with some sort of industry based problems.

The problems is further analyzed & taken as base for final year projects.

UDISHA CLUB also encourages & guides students to take part in various competitions like paper & poster presentation, project presentation at Sankal as well as GTU level.

We have made every effort to place our 285 students of final year from every discipline for shodh yatra to nearby industries for 2 weeks duration after completion of 4th semester GTU exams in the month of June - 2012.

- ✍ For computer Engg. Shodh Yatra Conducted to 5 different Companies Like Vner, Infotech, Microssys etc.
- ✍ For Mechanical Engg. Shodh Yatra arranged to 31 industries like Piformal Glass, ABC Bearing, Remu Metals, Blue Star, Lupto Pharrui etc.
- ✍ For Electrical Engg. Shodh Yatra arranged to 15 industries like GNFC, GETCO, KRIBHCO etc.
- ✍ For Civil Engg. Shodh Yatra arranged to 11 Firms like, AMC, SMC, CIVIL HOSPITAL etc.
- ✍ For E&C Engg. Shodh Yatra Conducted to 12 Companies like , Brula, Cellulose, Vidiesetri Ind., Gujarat Gas etc.

# A.Y.D.T.I. ALUMNI ASSOCIATION

## ABOUT

A.Y.D.T.I Alumni Association managed by a committee of ex-students from all departments under the guidance of Training & Placement Cell was formed in the year 2011 with first batch of pass out students. This alumni association was established for mutual benefits of students & Institute.

Every student feels highly attached emotionally to his/her alma mater. In fast changing world of technology, it is very essential that the technical institutions and alumni remain in constant interaction with each other so that the educational system derive full benefits through feedback from the professional field and the alumni remain well informed about the developmental activities of their Institute.

The main purpose of this Association is to provide an organization through which the Alumni of A.Y.Dadabhai Technical Institute, Staffs and Students of the Institute can interact with each other for mutual benefit.

All the members are provided with life time photo ID Membership Card.

15/07/2010, 10:00 AM, P.S.

A "Blog" is a discussion or informational site, consist of discrete entries ("posts").

A Blog has following properties:-

1. A blog is interactive in terms of conversation.
2. A blog allows visitors to leave comments on particular "posts".
3. A blog contains text, images, & links.

In "Education", blog is used as instructional resources considered as "Edublog".

Using these blog, faculties of our institute can interact with students. Also they can guide them on particular topic & provide necessary documents, text and videos etc. As well as student can also leave their comments on specific topic. And also can access the materials.

Considering these advantages of "blog". Our Institute has introduced its own blog in our institute's Website. Overall a positive interaction in a positive way can be accomplished through "BLOG". Following is a link of our institute's blog.

# ANNUAL PROGRAM

If there is anything that makes every one of us including faculties & students makes happy is Annual Day Celebration.

On the occasion of annual function of our college there were different cultural activities & prize distribution ceremony organized. It Encourage students to exhibits their talent apart from study. on this occasion junior students gave farewell to their seniors.

Our Honorable Trustees & Respected Principal sit also take active part in the function & bless the students to achieve their goals in the future.

ALL TRUSTEES WAREWELL TO STUDENTS (BATCH-2010)

## જિંદગીનાથી સફળતા તરફ

રચયક :- મેહમુદ હામીદજી ખાંભીયા સ.સ.  
(સી.એ. એકેડમી, ઈ.એન.ટી. સુની વહીવટ મુસ્લિમ  
એજ્યુકેશન સંસ્થા, સુરત)

**મંજિલે ઉભી જો મિલતી છે,  
બુલકે સપનો મેં જાવ હોતી છે,  
કેવલ પંખો સે કુછ બહાં હોતા,  
હોંસલો સે ઉડાન હોતી છે.**

જિંદગીના સને સફળતા સે મનુષ્ય સે કાચિલા વ્યાખ્યાયિત કરી છે. જિંદગીના સને સફળતાનો અર્થિત વખત સમીપના પડે છે. તમારી કાર્યવિધિ પર છે. તમારી મહેનત પર છે. કો જાણીકાંત વાઠે વાપરું છે કે, સફળતા કોઈ સમસ્યાત ભાવી, પ્રવેશ સહાય બંધિત ખાલમ સંવાઈ અને પુસ્તકોનો વાંચો વિવિધરણ છુપાવેલી હોય છે. પ્રભાત મિલકત ચાલકેલે કમું છે કે, કોઈવલા માલમ જવાં સુધી કોઈ વસ્તુ માટે પરિચમ ન કિઠારે, ત્યાં સુધી તે વસ્તુ તેની જગે તેની સાચાં ભાવી પડતી મતી. સફળતાનો સુખ ભાવિત તમારી પ્રભાત સંકલપાઈત પર રહેલી છે. પ્રભાત સંકલપ સંકલપ પ્રભાત જ તે કિશોર કુશાલિયો કેવલકને પ્રભાત કરીને જાણીકાંત પુસ્તકોમ્મન કરું છે. જાનો કોઈ જામ તેલી કડકતો કડકતો માત્ર ચમ્પા રતને ખોલિસ તાલે વિદેશ ખાતમિલના પાથિયો વલભત મંદમખાલેલી ને કિરણ દન કિશોરની જરૂર પડી હોય ? જાપાઈ તે કમિલા સેવા સેવાઈ સુખાં કરીએ હોયો કે જે મને જામું સવલો મળી કો તે હું માત્ર કરત... તેમ કરત... માત્ર ખીજલા સવારે કિઠાવું નથી. જાપાઈ તમાર વિદારવા માટે સંકલપમાં ખીજું કોઈ તેમજ નહીં ઘાત. જાપાઈ આ ઘાત સમાજક પીતાના પત્ર દુસ્ત જ પૂછી કરવી પડે છે. જિંદગીનામાં પણ સફળતાની સાકોઈ સમાજાઈ સમાજા વહાવાની ભલી માંજ મતી રહેલો હોય છે. ભાવી જ તે સેક વિગત કે સુન્દર કમું છે કે, પંખુ સે કોઈ પાલ નથી. પાલ નો સેમોં છે જાવાઈ પડવા પડી તેમ કિમ કવાની જ ના પડો. પાંતો જે કાલી પર વેકો હલો તે જ કાલી કાખાર કાલેકાટ કિઠાવાકલના લાગ પવિચમાઈ સંકુળો મહાકવિ હાવી જલો. જાપાઈ કોલી સંદર કમ કાખાકાજા સુવ સંકલપોનો સંવાઈ સુખાલેલો છે. કુળ જો વાખમું છે કે જાપાઈ તે જાપાઈ જલને સુખ માત્રાલે હોયો. જવાઈ ખીજુ તરફ જા સુવિતના સારોવહાઈ કુસાંતમોં કરું છે કે, મનુષ્ય એ માટું કોઈ લખિ છે.

જોએ અને કિશોરના સંકલપો ભેગા કરવા માટે વેકો પ્રવીણ કરવા રહી છે અને મહત્વપૂર્ણ કરવા માટ કરવા માટે વિચારે છે કે જવાઈ સંકલપો ભેગા થાઈ જાનો જવાઈ સંકલપ કરીવું. જો ભાવી જ કોઈ વિગત કરીને કોઈવલા વેકો કરી હોત તે વેકો માત્ર કાપાઈ કાંબી કુમરે કમોવિધાનક ન જોયા હોય. કાખાકામ કિઠન સુવકોમિં સતર વાટ કુચાં પાંતી પણ સંકુપકિની કુવતી કુવતી જામ હતા. જાખાઈ જ અલેકર કરીવેલી મામનો કરાખર વલેખ વોમિવલન કમોવિધના સંકલપાઈ સંકુપકિ કોલી રીતે જાનો સકલા ? કોઈવલો કરીમાં વલભત માપાને પુસ્તુ પેટ ભરનાટ માપાનો

# GUJARATI ARTICLES

દીકરો સાથે પદ્ય સંકીર્ણના વિશ્વવિખ્યાત સચિત્રકાર ડોસ્ટુ. વેરુબા નામે સોળામસ છે. આરાં દેવિયાને પુત્રો કરવા માટે જ્યારે આદર્શવાદી લોકો સામ્યા વડે છે ત્યારે તેમને સુરિલા સર્વવ્યાક્રમી અને વિષયવાળી કૃપાથી સ્ત્રીઓની મદદ પ્રાપ્ત થઈ છે. પદ્યકારોનો સમાવેશ કરવાથી જ મધુવાણુ ગૌરવ પ્રાપ્ત થઈ છે.

સિદ્ધાન્ત એ જાણે છે કે સફળતા મેળવવા માટે પુસ્તકો વાંચવતા, વ્યભા અને વિભા રાખવામાં આવે નથી. મોટામાત્રાના લોકોને પોતાની જિંદગીના કોઈ સપ્ત વર્ષો દીકરા નથી અને સફળતા જ્યાં જ્યાં મરતો દીકરા છે. કહેવાય છે કે, દુનિયામાં માત્ર ત્રણ કોડો જ સફળ વ્યક્તિ હોય છે. સિદ્ધાન્તના મર્ગ પરથી સફળતાના મર્ગ પર તેને જલ્દે જ અસિધાન્ત વાળી સ્ત્રી જુલાઈ નમાદુ વસ્ત્ર સપ્ત શોક અને તમારા દેવતાઓ પાસે કરાવે પણ વધુ મહત્તમ કોઈ, સુવિચાર્ય એક બીજા કોડોને છે જેથી સિદ્ધાન્તનો પુણ્યક્રમથી સફળતાની સોનેરી કોડી કોડો છે. કમલકાંઠ મોટાઈના પુસ્તકો ધોરણમાં જલ વાપત નાખત વગા હતા હતા એક સાદા શિક્ષક અને કથકાર બની જતા. ભાગ્યવશીત વિદ્યોતિસ્યા ની ખીમકોથી પીડાતા બચ્ચક દોસા સર્વા જાણે પણ તેમના આઈ-સુ પાવતને એક માત્રમાં આવે છે. ઘોમરા બાદ્યા સંક્રિસલ સજામાં કોઈ હતા તેમને વિવિધ સાળાકીયા શિક્ષક વીધુ જ ન હોયું વાળી અને બહેનના પદ્ય હતાં સર્વા વીધવાની બહાની પોષ્ટ કરીને જગતને સંભળીથી પ્રાપ્તિયા કરુ મિલ મોટા પેલાના કોઈથી વજીયાત એકમથી કરીને જે આજે વિશ્વના અભિવ્યક્તિ છે. વીધુમાં સંભળીને પ્રવેશમાં વેદોત્તમ પર મોટી સ્ત્રી પડી હતી. અભિવ્યક્તિ અભ્યાસને ઓછા દેવિયા દેવિયાને વીધુ કરી દેવિયા. ત્યારે સાથે એ જ ભાગ્ય તેની ખીમલા છે. વસ્ત્રકારના વિલા કોડોઈ સોવિધોઈની ઘોમરા વાર મોટા મોટા પ્રાપ્ત કર્યા છે. આ દેવિયાને વોધુ સુભા છે કે સિદ્ધાન્તથી કાર માત્રાનો જલ નથી. વીધુ, વસ્ત્ર, સંભળવિયા અને મુગામાં કાર. સાધ્યે સફળતા પ્રાપ્ત કરી શકીને હોય.

## હિંમત ન હાર, ચિફ એક કદમકા હી ફર્ક છે. કાંટો કી વાલિયો એ ગુલો કે દિવાર તક ।

દેશાસની સારીને વિદ્યોતિને મોંઘુ તો જાણી છે. મહામ પ્રવેશકર કરવેત મુઠીમ (સા.) છે કોઈ વિદ્યોતિ વિદ્યોતિઓને સમાવત કરવાને ફોલાવા નથી કાંટો વેલ્યા. એક વસ્ત્ર પ્રાણી અંધા જાણે મોટા વસ્ત્ર સમજા કરવાવાળા સર્વા પણ સાથે સફળતાની સોઈ કોડી કોડોઈ કે જેના પર જાણે કરીથી અભુવાવિયો ચાલે રહ્યા છે. સિદ્ધાન્ત જગતમાં પરિચિતિ પ્રવે સમાજ થાં કરવેત મુઠ (સા.) એ તો પ્રવે સમાજ બનાવે અને વીકોને અભરવા કારા મદનકાની મદિમા સમાવતો. તો કરવેત કોઈ (સા.) એક વસ્ત્ર હતા જેનો ધોમકને પેલાના કાળથી વીધવાથી વેનમૂન સોવિધો વાળી વિવિધવિધતાની ભાગાં માટે ત્યારે કરીત. આ વેદીયા (સા.) એ સુભાઈ કામ કરુ હુનુ સખર વિભા સુભાઈ હતા કરીવાને સમાવત એ છે કે સમાવે વિવિધમાં કરી વાં પૂર્ણી જુલ વિવિધ મદનકાનો મદિમા સમાવવામાં આવે છે. વિવિધ કાર એ એવો મોટા અભ્યાસો અવ્યો છે કે જે વાળે સિદ્ધાન્તથી સફળતા વસ્ત્ર જલુ કરી તો મુગાઈ, પ્રમુખ્યા અને સફળતાના મર્ગ પર મહત્તમ મનોબળ રાખે, સર્વા કરતા જલે સામ્યા વાળી સર્વે પડશે.

## GUJARATI ARTICLES

### ◆ ટૂંકી વાર્તા ◆

એક ધનવાન માણસ હતો. દરિયામાં એકવા કરવા તેણે ખોટ પલાળી હતી. જ્ઞાન દિવસે તે ખોલાની ખોટમાં દરિયો મુદવા બીડવ્યો, મદદરિયે પહોંચ્યો ત્યાં દરિયામાં તોફાન શાબ્દુ, ખોટ ડૂલવા લાગી. ખોટ ભયાવાલી કોઈ શક્યતા ન લાગી ત્યારે તેણે લાઇફ જેકેટ પહેરીને દરિયામાં પડવું મુકવું. ખોટ-ડૂલી ગઈ. તોફાન પણ શાંત થઈ ગયું.

તરતી તરતી એ માણસ એક ટાપુ પર પહોંચી ગયો. ટાપુ ઊંચક કોઈ જ ન હતું. ટપુના ફરતે ચારે તરફ ઊંચપાતા દરિયા સિવાય કંઈ જ નહરે પડવું ન હતું. એ માણસે વિચારું કે જે ઇશ્વરે તોફાની દરિયાથી તેને બચાવ્યો છે એ જ ઇશ્વર કઈક રહ્યો કાઠી આપ્યો. દિવસો પસાર થવા લાગ્યા, ટાપુ પર ઊંચેલા ગ્રાહ-પાન ખાઈને એ માણસ દિવસો પસાર કરતો હતો. કોઈ દિવસમાં તેની કાંઈક બાબત જેવી થઈ ગઈ, ધીમે ધીમે તેની જાંઘા તૂટવા લાગી. ઇશ્વરના અસ્તિત્વ સામે પણ તેને સવાલી થવા લાગ્યા. ભયવાન જેવું કંઈ છે જ નહીં, બાકી મારી કાઠાત લાગી ન થાય.

ટાપુ કિસ્ક કંઈક દિવસો કાટવાના છે એ તેને સમવાવું ન હતું. તેને થયું કે હાલ જાનકડુ ઝૂંપડુ બનાવી લઉં. ગ્રાહની કાળી અને પાટાની મદદથી તેણે ઝૂંપડુ બનાવ્યું. એને રણુ કે, કાન, આંખની રાત આ ઝૂંપડામાં રૂબ મળ્યાં. માટે મુઝામાં રુણુ નહીં પડે. ત્વ પડી ત્યાં પાતાવરણ બદલાવું.

અચાનક ધીરણીના કડાકા-મડાકા થવા લાગ્યા. ઝૂંપડીમાં રૂબ જાન એ પહેલા જ ઝૂંપડી ઉપર ધીરણી પડી. અખી ઝૂંપડી ભડમડ સમજવા લાગી. એ માણસ અજાણતી ઝૂંપડી ખોટ ભાગી પડયો. ઇશ્વરને મનોમન ખાંડવા લાગ્યો, તું ઇશ્વર નથી. સચારા છે. તને દવા જેવું કંઈ નથી. તું સાર્વત ફૂટ છો.

તકાલ મઘને માણે કાન દઘ રડતો રડતો એ માણસ ખેડી હતો. અચાનક જ એક ખોટ ટાપુના કિનારે આવી. ખોટમાંથી ઉતરીને એ માણસી તેની પાસે આપવા. તેણે કહ્યું, તમે તમને બચાવવા બાંધ્યા છીંધો. તમારું રાજગતુ ઝૂંપડુ ખોઈને અમને સચુ કે આ અવાપરું ટાપુ પર કોઈ ફરવાતું છે. તમે ઝૂંપડુ સમવાવવું ન હોત તો અમને ખબર જ ન પડત કે અહીં કોઈ છે !

એ માણસની આંખમાંથી દડકડ અંતુ વહેવા લાગ્યા. ઇશ્વરની માફી માંગી અને કહ્યું કે મને ક્યાં ખબર હતો કે તે તમે અને બચાવવા માટે મારું ઝૂંપડુ અજાણ્યું હતું !

કોઈક ખરાબ વખે ત્યારે માણસ નરીપાસ થઈ જાય છે. સુખવું એક ખારવું બંધ કરી દે ત્યારે સાચોસાચ સુખના નીચા ખારવાણી ખોટી દે છે પણ આપણે મોટાભાઈ બંધ થઈ ગયેલા સુખના ખારવાણી તરફ જ જોઈને બેસી રહીએ છીંધો. ખીલુ તરફ જાવર જ નાખતા હોવા લઈ.

## SEVEN BRILLIANT QUOTES

### Shakespeare.....

"Never play with the feelings of others because you may win the game but the risk is that you will surely lose the person for a life time."

### Napoleon.....

"The world suffers a lot. Not because of the violence of bad people, but because of the silence of good people."

### Einstein.....

"I am thankful to all those who said NO to me. It's because of them I did it myself."

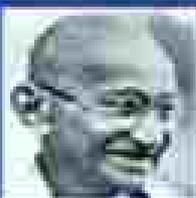

### Abraham Lincoln.....

"If friendship is your weakest point then you are the strongest person in the world."

### Martin Luther King.....

"We must learn to live together as brothers or we will perish together as fools."

### Mahatma Gandhi.....

"The weak can never forgive. Forgiveness is the attribute of the strong."

### Dr Abdul Kalam.....

"It is very easy to defeat someone, but it is very hard to win someone."

## ◆ A SHORT STORY ◆

Long back ago...

There was a huge Apple tree. A Little boy loved to play with it. He Love to climb the tree, love to eat apple. Love to take the nap under its shadow. Times went on. The boy grew up. And he no longer plays around the tree.

One day the boy came. The Tree asked him "Hi. Come and Play with me." The Boy replied, "I am not a kid. I don't play around tree." "I play with toys. I need money to buy toys." The Tree said... "I don't have money but you can take all my apples and sell it. You will get the money." The boy picked all the apples of the tree and went. He sold the apples and got money. He bought lots of toys. But he didn't turn back. The Tree was again sad.

One day again the boy came, he became a young man now. The Tree said "Hi...! Why are you Still Come and sit under my shadow. I am feeling very lonely without you." The boy said "I don't have time. I work for my family. I want to build Home for them. I Need money" The Tree said "I don't have money. You can take my branches and trunk and build your home" The Boy Became Happy. He cut all the branches and trunk of the tree and built a home for him Again the tree became alone. The boy didn't turn back. Time passes on.

After Long time the boy came back. He was so old, Looking sad, Tired and lonely.

The Tree asked him... "Why are you Still? I Wish I Can help you, but I don't have apples, I don't have branches, even I don't have shadow. Nothing to offer you.

The Boy (Old man) replied. "I am tired of my life. I am alone. I just need you. Can I sit down at your roots" The Boy (Old man) sit down. Both were happy & weeping.

Is the boy really cruel and selfish?

??

No...

We all are like him, and treating our parent like that. The tree is like our parent. We love to play with them when we were kids. We leave them alone and come only when we are in need or in trouble. We don't have Time for our Parent. No matter what, parent will always give everything to make us happy and solve our problems. And in return what they want, just our company!

Please love to your parent. Don't forget them. Give them Time. Give them your company. They will be happy by seeing you happy.

Please don't leave your parent. Gracude them...

**Mr. E.E. Chaurhary**  
Lect. E&C Engg. Dept.

## ◆ HYBRID DESIGN COMES TO POWER PLANT ◆

Most power plants create power by using fuel. Solar thermal power plants use high temperatures and pressures generated by sunlight to produce turbine movement are currently the industry's environmentally friendly alternative.

In a solar thermal power plant, sunlight is harvested to create hot, high-pressure steam, approximately 400 to 500 degrees centigrade. This solar-produced steam is then used to rotate the turbines that generate electricity.

But it is somewhat unrealistic economically for the power industry. "It's complex solar technology." The materials alone, which include pipes made from expensive metals designed to handle high pressures and temperatures, as well as fields of large mirrors, needed to harvest and concentrate enough light, make the venture too costly to be widely implemented.

Prof. Anil Kribus of Tel Aviv University's School of Mechanical Engineering and its innovative new Renewable Energy Centre is applying the term "hybrid" to power plants. Prof. Kribus has developed a new technology that combines the use of conventional fuel with the lower pressures and temperatures of steam produced by solar thermal power, allowing plants to be hybrid, replacing 25 to 50 percent of their fuel use with green energy.

With his graduate student Anaya Ueshita, Prof. Kribus is developing an alternative technology, called a steam-injection gas turbine, which works on hot air and hot steam, and injects the solar-produced steam into the process. "This hybrid cycle is not only highly efficient in terms of energy production, but the lowered pressure and heat requirements allow the solar part of the technology to use more cost-effective materials, such as common metals and low-cost solar collectors."

It's not a totally alternative solution, but substituting a quarter to half of the fuel with solar is no small thing. A hybrid plant does offer a more realistic option for the coming decades.

**Mr. P. J. Suthi**  
**Ph.D.**  
**Mechanical Engg. Dept.**

## SCOPE OF RENEWABLE ENERGY IN INDIA

Electrical energy is imperative for economic growth of a country- be it for improving quality of life or opportunities for development in the country. India is a developing economy and the demand for electricity is an ever growing phenomenon at a rapid pace. India is the world's fourth largest consumer of electricity after United States, China and Russia. At present, there is an acute shortage of electricity in our country and the price of electricity is increasing very rapidly as it is scarce. Major power generated in India is from the consumption of fossil fuel such as coal, which is not enough to cope with the country's energy demand and at the same time it causes huge damage to the environment.

To mitigate this problem of increasing prices, unavailability of fossil fuel and environment problems, the utilization of new and renewable sources of energy has become the need of present day for electricity generation. Ministry of New and Renewable Energy (MNRE) is responsible for research and development, intellectual property protection, and international cooperation, promotion and coordination in renewable energy sources such as wind power, small hydro, biogas and solar power in India. The broad aim of the Ministry is to develop and deploy new and renewable energy for supplementing the energy requirements of India for sustainable development.

Jawahar Lal Nehru National Solar Mission (NNSM) has been established by the ministry in our country and its main target is to install 20,000 MW of grid connected and 2000 MW off-grid solar power by 2022.

National Biogas and Manure Management Programme (NBMMMP) has been established by the ministry to provide clean bio-gaseous fuel for cooking purposes and also for other applications for reducing use of LPG and other conventional fuels for generating electricity. The total number of deployment of Family Biogas plant was 44.08 lakhs. India generates 1226.60 AcW from biogas.

MNRE has also helped in the development of wind power and small hydro power in the country. The Ministry has been successful in installing 18274.80 MW of wind power and 3451.49 MW of small hydro power.

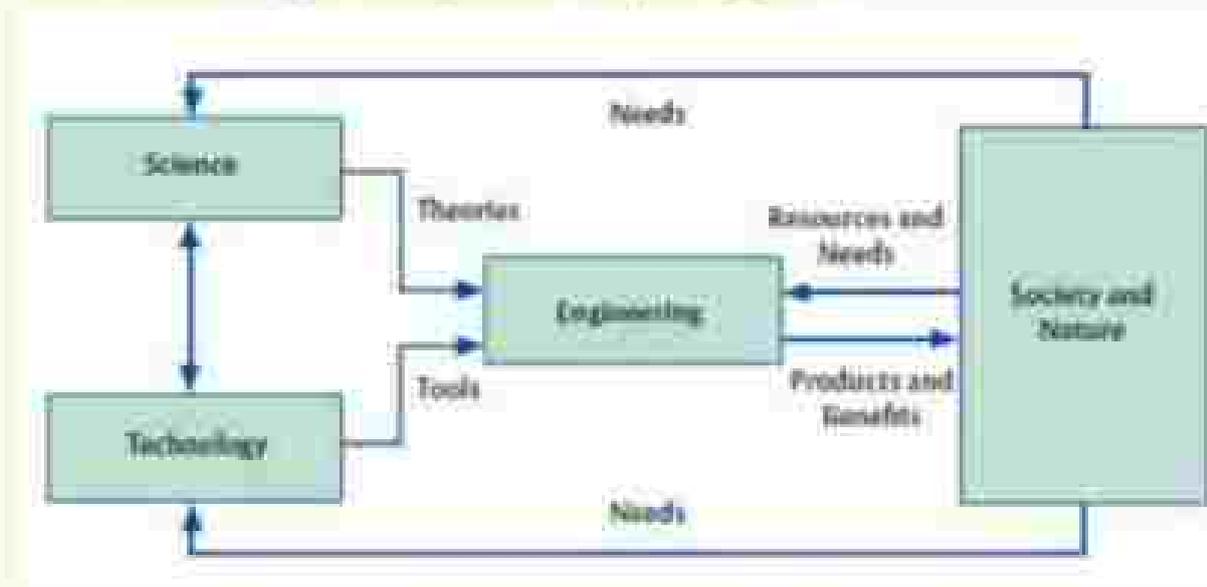

**Renewable Energy is Green, Clean and Sustainable.**

 Lect. Electrical Engrg. Dept.

# TECHNICAL ARTICLES

## ENGINEERING AND SOCIAL NEEDS

Engineering is the field or discipline, practice, profession and art that relates to the development, acquisition and application of technical, scientific and mathematical knowledge about the understanding, design, development, invention, innovation and use of materials, machines, structures, systems and processes for specific purposes.

The development and application of knowledge in engineering and technology underpins and drives sustainable social and economic development. Engineering and technology are vital in addressing basic human needs, poverty reduction and sustainable development, and to bridge the 'knowledge divide'. This chapter focuses on the vital role of engineering and innovation in human, social and economic development. It includes a very short history of engineering, relating particularly to engineering education and how the history of engineering has affected its future. The history of engineering at UNESCO discusses how the engineering sciences programme was once the largest activity in the Natural Sciences Sector at UNESCO, but declined with the rise of the environmental sciences, and is now hopefully poised for a resurgence in recognition of the importance of engineering as a core and underpinning an area of knowledge application and innovation in such areas as climate change mitigation and adaptation.

Electrical engineering is a field of engineering that generally deals with the study and application of electricity, electronics, and electromagnetism. This field first became an identifiable occupation in the latter half of the 19th century after commercialization of the electric telegraph, the telephone, and electric power distribution and use. It now covers a wide range of subfields including electronics, digital computers, power engineering, telecommunications, control systems, RF engineering, and signal processing.

Electrical engineers work in multimedia, telecommunications, electric power, signal processing and control. They work with physicians on new diagnostic devices and with urban planners on new efficient vehicles. Their work makes our lives more interesting, effective and safe, and increases our productivity and standard of living.

Dr. A.A. Shaikh  
 Lect. Electrical Engg. Dept.

## ❖ POWER QUALITY ❖

Power quality determines the fitness of electrical power to consumer devices. Synchronization of the voltage frequency and phase allows electrical systems to function in their intended manner without significant loss of performance or life. The term is used to describe electric power that drives an electrical load and the load's ability to function properly. Without the proper power, an electrical device or load may malfunction, fail permanently or not operate at all. There are many ways in which electric power can be of poor quality and many more causes of such poor quality power.

The electric power industry comprises electricity generation (AC power), electric power transmission and ultimately electricity distribution to an electricity meter located at the premises of the end user of the electric power. The electricity then moves through the wiring system of the end user until it reaches the load. The complexity of the system to move electric energy from the point of production to the point of consumption combined with variations in weather, generation, demand and other factors provide many opportunities for the quality of supply to be compromised.

While "power quality" is a common term for many, it is the quality of the voltage rather than power or electric current that is actually described by the term. Power is simply the flow of energy and the current demanded by a load is largely uncontrollable.

- ❑ The quality of electrical power may be described as a set of values of parameters, such as:
  - ❑ Continuity of service
  - ❑ Variation in voltage magnitude (see below)
  - ❑ Excessive voltages and currents
  - ❑ Harmonic content in the waveforms for AC power

**Dr. A.J.L. Datta**  
Asst. Electrical Engg. Dept.

## ❖ HISTORY OF RADIO ❖

The early history of radio is the history of technology that produced radio instruments that use radio waves. Within the timeline of radio, many people contributed theory and inventions to what became radio. Radio development began as "wireless telegraphy". Later radio history increasingly involves matters of programming and content.

### INVENTION OF RADIO

James Clerk Maxwell showed mathematically that electromagnetic waves could propagate through free space. Heinrich Rudolf Hertz and many others demonstrated radio wave propagation on a laboratory scale. In 1893, Marconi built a wireless system capable of transmitting signals at long distances (3.7 mi/ 2.4 km) from Hertz's experiments, the phenomenon that transmission range is proportional to the square of antenna height is known as "Marconi's law". This formula represents a physical law that radio devices use.

### WIRELESS TELEGRAPHY AND WIRELESS TELEPHONY

The term wireless telegraphy is a historical term used today to apply to early radio telegraph communications techniques and practices, particularly those used during the first three decades of radio.

# TECHNICAL ARTICLES

(1897 to 1920) before the first radio came into use. Guglielmo Marconi demonstrated applications of radio in commercial, military and marine communications and started a company for the development and propagation of radio communication services and equipment. The field of radio development attracted many researchers, and later experimenters the title "inventor of radio" persists to this day.

## START OF THE 20TH CENTURY

Julio Cervera Mallerena developed radio in Spain around 1902. Cervera had, with the blessing of the Spanish Army, visited Marconi's radiotelegraphic installations on the English Channel, and worked to develop his own system. He began collaborating with Marconi on resolving the problem of a wireless communication system, obtaining some patents by the end of 1898. Cervera, who had worked with Marconi and his assistant George Kemp in 1899, resolved the difficulties of wireless telegraph and obtained his first patents prior to the end of that year. On March 22, 1902, Cervera founded the Spanish Wireless Telegraph and Telephone Corporation and brought to his corporation the patents he had obtained in Spain, Belgium, Germany and England. He established the second and third regular radiotelegraph service in the history of the world in 1901 and 1902 by maintaining regular communications between Tardá and Ceuta for three consecutive months, and between Jerez (Cabo de la Nave) and Huelva (Cabo Palos). This is after Marconi established the radiotelegraphic service between the Isle of Wight and Bournemouth in 1899.

## BRITISH MARCONI

Using various patents, the British Marconi company was established in 1897 and began communication between coast radio stations and ships at sea. This company along with its subsidiary American Marconi, had a stronghold on ship to shore communication. It operated much the way American Telephone and Telegraph operated until 1903, owning all of its equipment and refusing to communicate with non-Marconi equipped ships. In June 1912, after the RMS Titanic disaster, due to increased production, Marconi opened the world's first purpose-built radio factory at New Street Works in Chelmsford, and in 1932 the Marconi Research Laboratories. Many inventions improved the quality of radio, and engineers experimented with uses of radio, thus planting the first seeds of broadcasting.

FERDINAND BRÄUNN (1909), Marconi and Karl Ferdinand Braun were awarded the Nobel Prize in Physics for "contributions to the development of wireless telegraphy".

In 1912, the RMS Titanic sank in the northern Atlantic Ocean. After this, wireless telegraphy using spark-gap transmitters quickly became universal on large ships. In 1914, the International Convention for the Safety of Life at Sea was convened and produced a treaty requiring shipboard radio stations to be manned 24 hours a day.

## ◆ MICHAEL FARADAY ◆

Michael Faraday (22 sep. 1791 to 25 aug. 1867) was an English scientist who contributed to the fields of electromagnetism and electrochemistry. His main discoveries include those of electromagnetic induction, diamagnetism and electrolysis.

Although Faraday received little formal education he was one of the most influential scientists in history, and historians of science refers to him as having been the best experimentalist in the history of science. It was by his research on the magnetic field around a conductor carrying a direct current that Faraday established the basis from the concept of the electromagnetic field physics. Faraday also established that magnetism could affect ray of light and that there was an underlying relationship between the two phenomena. he similarly discovered the electromagnetic induction, diamagnetism, and law of electrolysis. His invention of electromagnetic rotary devices formed the foundation of electric motor technology, and it was largely due to his efforts that electricity became practical for use in technology.

As a chemist Faraday discovered benzene, investigated the clathrate hydrate of chlorine, invented an early form of the Bunsen burner and system of oxidation numbers, and popularized technology such as anode, cathode, electrode and ion. Faraday ultimately became the first and foremost Fulcherian professor of chemistry at the royal institute of GREAT BRITAIN, a life time position.

Faraday was an excellent experimentalist who conveyed his ideas in clear and simple languages; James Clerk Maxwell took the work of Faraday and others, and summarized it in set of equations that is accepted as the basis of all modern theories of electromagnetic phenomena. On the Faraday's uses of the lines of force, Maxwell wrote that they show Faraday "To have been in reality a mathematician of a very high order - one from whom the mathematicians of the future may derive valuable and fertile methods". The SI unit of capacitance, the Farad, is named in his honour.

Albert Einstein kept a picture of Faraday on his study wall, alongside pictures of Isaac Newton and James Clerk Maxwell. Physicist Ernest Rutherford stated: when we consider the magnitude and extent of his discoveries and their influence on the progress of science and of industry, and there is no honor too great to pay to the memory of Faraday, one of the greatest scientific discoverers of all time.

Faraday died at his house at Hampton Court on 25 August 1867 aged 75 years and 11 months. Hirstfield maintains in his biography that Faraday suffered from mental breakdown due to his intellectual exertions so that he became debilitated by the end of his life and unable to conduct any meaningful research.

 Lect. Electrical Engg. Dept.

## CHECK LIST OF SUCCESSES

Had Sachin Tendulkar, famed God of Cricket, only reached the 10-20 centuries instead of scoring record broken 100 centuries, would he have considered himself a success?

Had Dhirubhai, only sold clothing material and be happy, instead of making RELIANCE big venture, would he be considered these much successful business tycoon?

Do you have a definition of success? If not for your life as a whole, how about at work or at home? If you don't, soon you will.

Without defining success in the present, how can you possibly know if you're doing well in the future?

This checklist is unlike others. I'm not going to give you one; you're going to write it. I want you write a list of benchmarks that, when met, will equal success.

Breathing and walking are enough for many people to feel successful; having a healthy family is enough for others. I couldn't agree more. So let's treat this exercise as icing on the cake. What would it take—in your career, health, relationships, etc.—for you to feel that you are succeeding?

Make your own list for different areas like study/work, health and then try to achieve it to consider your self to become successful.

### Only but a Goody

I know you've heard it before, but I'd be remiss if I didn't repeat it. Be clear with your goals. The more you know about the things you want, the easier it will be to get motivated to achieve them. Be clear. Be specific. Be Successful.

### The Key Ingredients

Having goals in our lives is important. For some, merely creating goals brings about a positive change. When you make a goal, you are creating an exciting challenge for yourself. To make sure you meet that challenge with the right tools, you will need to do three things:

#### 1. Write It Down

The first step is to write your goal down on paper. This may seem like a simple step, but it makes your goal visible and tangible.

#### 2. Break It Down

You may have a goal of losing weight. This alone seems like a difficult thing to do. But when we break this goal down into its different parts, these smaller goals become easier to handle.

#### 3. Remind Yourself

With so many things to do during your busy day, your goals can sometimes be put aside. Write yourself a reminder, and place it where it will be seen often. Your fridge, bathroom mirror, or desk are just a few of the places where you could post your goal.

lect. Computer Engg. Dept.

**ENGINEERING  
A BETTER  
WORLD**

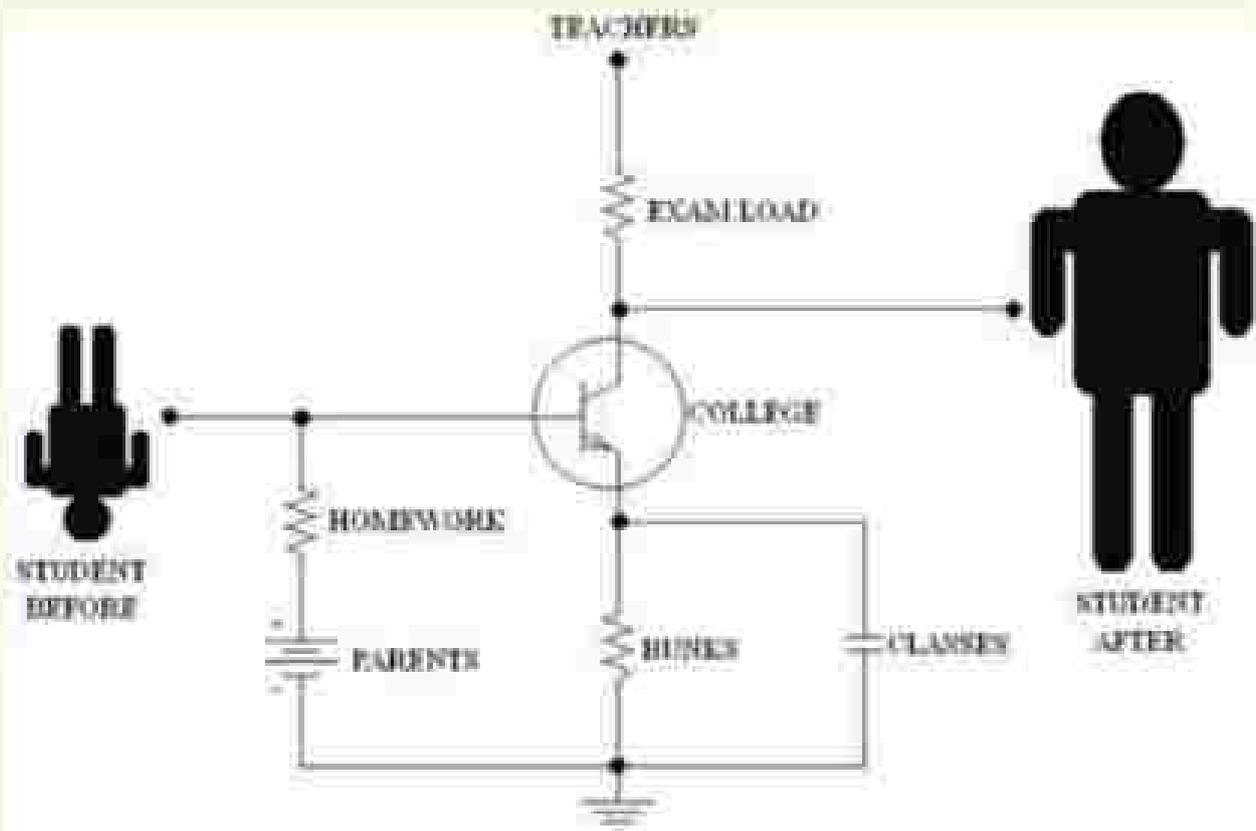

## The Extraa in an Engineer

I would like to mention here the extraa "E" element in an engineer. Now a day there is number of person who is doing engineering, or many are dreaming to take admission in famous Engineering College from their school time. Just because of their elders told them to do so, may be for better perks and benefits. Sometimes for doing this many elders are forcing their child to do lot of hard work in studies, as the higher the percentage (%) they will get admission, higher chance to be absorb in company. In this race many are concentrated only in getting higher percentages (%). Currently We are overloaded by Information, studying and memorizing stuff, but the only skills we really need to learn in college are how to socialize and be a functioning human in society, Because that's the only thing we will be constantly doing for the rest of our life. But have you ever thought of what "Engineering" is really meant for. First of all I would like to define "Engineer". Engineer: A person who is operating or in charge of an Engine. Hence one thing is very clear that he/she must be creative person, never seemed as destructor. Same way engineering is defined "Make the world better place mostly". Engineering is not just about boring and tiresome jobs, it's wide. All we have to do is to change our perspective, look at things differently.

Therefore 'being an engineer' we should always try to implement ideas for betterment of society at a cost everyone can afford.

**ANU VASU PAUL**  
 Lect. Computer Engg. Dept.

## WHAT ELECTRONICS TEACHES US!

Dear friends, here I have presented a simple Common-emitter amplifier circuit, which is mostly used as an important electronic concept.

This indicates that the student gets biased from parents and teachers,

Homework is necessary to clear the concepts for the exam.

College provides atmosphere to discuss any problem and gives solution.

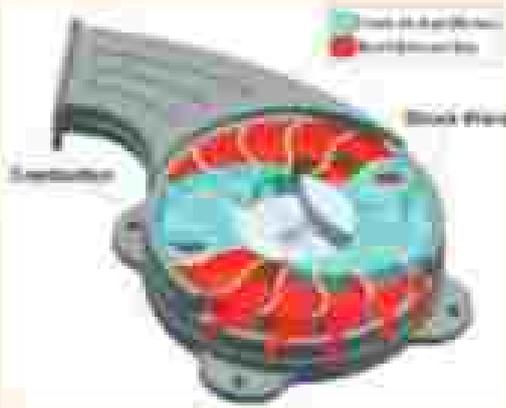

Finally *halkhe* appears for the exam.

As viewing properly, if student attends classes then the result is gained and if student bunks the classes the result is poor.

So, we have to learn that we have complete supports from our parents and teachers. They help us to build our career. But, the condition is we have to come into college and attend each and every class to improve our performance.

**Mr. A.M. Bulawa**  
IC HOOD E&C Engg. Dept.

## A New Engine Is Coming

The new engine connected to a generator and buffered by a battery and likely some capacitor storage would be powerful enough to run a full size vehicle.

The new engine is a "disk wave" chamber instead of a piston in a cylinder. The disk wave principle uses a novel internal system to generate shock waves by igniting a compressed air and fuel mixture that propels rotors. No valve gear, pistons, connecting rods or crankshaft. The wave disk engine is smaller, lighter and easier to manufacture.

The engine is a system of rotors with radial channels that work due to timing as the shock waves are generated and move through the system. To grasp what's going on, consider a turbine with air going in one end and exhaust gas exiting the other, like a set of fans. The wave engine it seems is like a squirrel cage or centrifugal fan with the air coming in the center and exhaust leaving the perimeter. Seems simple... vent the incoming air/fuel mix properly, ignite it and vent it out at the right moment.

The wave disk engine offers a major improvement using 60% of the fuel to create power, making it up to four times as efficient as today piston engines. That offers a whole new calculation on fuel use. It would also stuff a plug into the progress of grid charged electric vehicles. Consumers and the oil companies will love this. Cutting 75% of the gas bill for one and staying in the game for the other is a natural symbiosis.

In case you're wondering why the piston engine isn't ever going to catch up to turbine types, it's the working function problems. Pistons (plus the pins and a part of the mass of the connecting rod) have to go up and down essentially stopping and starting with the acceleration and deceleration twice with each crankshaft turn. Lots of energy gets used doing that. Plus there is the air turbulence inside the crankcase twice the displacement of the engine gets pumped in every revolution using more energy. There are also all those moving parts, compressing springs and other things going on. It's astonishing the modern internal combustion engine is as efficient as it is.

The engines would be relatively easy to manufacture and reduce the overall weight of a car by hundreds of pounds, enabling hybrid vehicles to be perhaps 20 percent lighter and 30 percent less expensive. A series hybrid could be very desirable, indeed.

Mr. P.J. Smith

## ACADEMIC REPORT

### ◆ PAST PERFORMANCE ◆

#### Pass out record Academic progress:-

The first admission of 240 students in four disciplines was done in 2008 and intake is increase to 360 from 2009 with one new diploma in computer engineering.

In 2011, first batch of 152 students appear for final exam and 145 students got diploma certificate with 31 in civil, 38 in electrical, 41 in electronics & comm. & 35 in mechanical engineering. Out of 144 students 90 students got admission in Degree College on merit basis.

In 2012, second batch of 285 students appear in final examination and 203 got diploma with 21 in civil, 48 in electrical, 32 in computer, 30 in electronics & comm. & 72 in mechanical engineering. Out of 202 students 141 students got admission in Degree College on merit basis.

At the same time, due to effort of our training and placement department of our college in 2011 batch 40 got job in various industries like, Tata Motors, Piramal Glass, ABC Bearings, Reliance Communication, Mundra SEZ etc.

While from 2012 batch 38 students got good job. Sharine Tech, Tata Docomo, Torrent Power, L&T MHI, Piramal Glass, GSFC Ltd etc.

#### Result Analysis:-

A.Y.Dadabhai Technical institute among 95 polytechnics of Gujarat state under Gujarat Technological University in the result of all semester always in first top ten polytechnics.

In Dec 2010, for first semester we are at second in rank, in Dec 2010, we again at second in rank with more than 7.00 S.P.I. In Dec 2011 we are fourth for first semester result.

Overall percentage of pass out in all semester is 74.58% and drop out is 13.79%.

# INNOVATIVE PROJECT

## INOVATIVE CREATION

### Irrigation Motor Control through SMS

This project is dedicating for solving farmers problems of controlling (ON/OFF) of Irrigation Motor through sending SMS by GSM mobile phone.

Most of farmers have farm at far distance. So, they must have go especially at farm, due to this transportation cost will be effectively & time will be waste.

They have also face problem of unpredictable water level & electricity. So they must be known whether it available or not.

#### PROJECT

---

By using this project:

1. We can ON-OFF the irrigation motor by sending SMS.
2. It will inform the status it self by SMS when change in water level or electricity.
3. We can also know the status of Water level, Motor (ON-OFF) & Electricity is available or not by sending SMS.
4. Security is also providing by system, if other person will try to operate our system through SMS, system will not operate but automatically send the mobile number of unauthorized person to authorized person by SMS.

Mr. Anil Yashwanth  
Business No. 096010311000

# INDUSTRY ACADEMIA MEET – 2012

**A.Y. Dadabhai Technical Institute – (Polytechnic),  
Kosamba, Dist – Surat.**

On 20th October 2012, for the first time, the big event to interact industries of South Gujarat with Technical Institutes (Polytechnic & Engg. colleges) was organized at A.Y. Dadabhai Technical Institute, Kosamba (601) successfully.

Industrial persons majority are senior executive and H.R. were presence since morning 10:00 coming from the well known and major industries such as Piramal Glass, Beta Cellulose, Pragati Glass, ONGC (Ankleshwar), Hippy Engineering, GNFC, Vihari Metalloides, Modi Electromech, Sun Pharma, Hydropneumatic, GSECL Utran, Amur Electronics & many more took part positively in discussion. At the same academicians from SVNIT, SVMIT, Government Engg college Surat & Bharuch, SCET, C.K. Pithawala, NIT Savli, Dr. S & S.S. Grandhy college Surat also present. The points of discussion were,

- To increase the relation with institute so that maximum students can get benefit of industrial environment.
- To start need base short term courses for diploma students such as PLC, SCADA, Embedded Technology, mobile applications, computer net working, and web designing with more practical aspects.
- Faculties of polytechnic should get industrial training.
- Expert lectures should be arranged by industrial persons.
- Some types of managerial training also given to final year diploma students.
- IDM/LEDP base projects should be well planned and faculties should give more time rather than industries.
- Our polytechnic located at 'Kosamba' where there are seven large glass industries like Piramal Glass, Pragati Glass etc require Mechanical Diploma holders with some knowledge about glass industries so a short term courses should be designed for glass related industries. At the end of discussion following conclusion comes out.
  - To appoint technical advisory committee in each branch of engineering at A.Y. Dadabhai polytechnic. In this committee 3 members from related industries and 3 members for academicians from various institutes with chairman will be principal & secretary will be head of respected departments.
  - To make planning for industrial training of staff and students well in advance. Majority industries give unity for training.
  - For final year projects, industrial experts will guide.
  - So industrial person frequently visits the institute.

# INDUSTRY ACADEMIA MEET – 2012

There was lunch session from 1:30 to 2:30. After lunch session, it is great fortunate that honorable Vice Chancellor Dr. Anshu Aggarwal & Hiranmay Mahanta was with us.

Dr. Aggarwal welcomes by principal and the meeting with Utkalika member and TPO from Bhadrak – Anklhawar Sankul, Sera Sankul and Navsar Sankul.

In the speech of Dr. Aggarwal, Dr. Aggarwal said that GTU will become one of the best Technical University in India. GTU has started to develop new curriculum initially eight subjects are selected for which the teaching material will be developed very soon.

Dr. Aggarwal gives the example of MIT which is one of the best Technical Institute. A very good teaching material prepared by faculty members.

In his speech, Dr. Aggarwal also emphasis on 'Active Learning' at the same time on discussion. Dr. Aggarwal insist that at the time of submission of project or at the time of presentation prepared by final year students, pre-final year students should present and members from innovative Sankul and from related industry.

There was good interaction between honorable VC, industry persons and academicians. The session was ended with conclusion to interact more with industry and industry peoples also give commitment to help institutes in all the area cover today.

Mr. Hiranmay Mahanta visited the project exhibition prepared by final year students. We are very much thankful to Mr. Mahanta who took keen interest in project prepared students and give more than two hours to our students, interact with students and give valuable suggestion to students and staff which will be very much useful in future.

## WOMEN IN DEVELOPMENT CELL

Under **WID** cell a lecture of writer and editor of bimonthly magazine Mrs. Kalpana Devi Gandhi was arranged on date 5th oct 2012. She has written so many books named 'Zindagi Sathie Long Drive', 'Prem Thoda Rangin Thoda Sangin' etc and many other books on social subjects.

The lecture **"ZINDAGI NE EK AYSAR TO SAFO"** was started by registration. Totally 19 ladies staff and 117 girls student have participated in this programme.

### A PROGRAMME **"ZINDAGI NE EK AYSAR TO SAFO"** ARRANGED ON 5<sup>TH</sup> OCT 2012

**WID** (Woman in development cell) of A.Y.D.T.I. is always seek to promote development of girl students and ladies staff members, development regarding internal growth, strength social development, educational development etc. The Committee seeks to promote respect for women/girls students at the workplace, educational premises, address feminist issues, identify problems of working women/girls students and try to resolve them in a well-negotiated manner. This shall be achieved by way of conducting discussions, seminars, presentations, workshops, film festivals and other activities.

whole programme is Anchored by Ms. Shruti Bhatt, who give the brief introduction of WID.

As the day start with remembrance of god we started our programme With prayer followed by Girls students.

## WOMEN IN DEVELOPMENT CELL

A Warm welcome Given to  
Mrs. Kalpanaben Gandhi with  
flowers and memento by  
Mrs. Binta M. Patel.

Welcome of her assistance  
Ms. Jalpaben Kothari by  
Ms. Tejal C. Patel with with  
flowers and memento.

After completion of welcome,  
Principle Sir Mr.M.M.Dalchawal  
has given brief introduction of  
our institute .

Finally at 10 o'clock stage was given to  
Mrs. Gandhi she had given a beautiful speech  
on relation for explanation she has used  
suitable quote related to the A,B,C,D .  
For example  
A for add something    B for balance in nature.  
C for communicate effectively  
D for do and do not etc....

## WOMEN IN DEVELOPMENT CELL

When the half session was completed at 11:50, there was an arrangement of breakfast for all.

At 1:00 pm lecture was completed and query session was started in which all girls have asked many question related to social, educational and other problems to Mrs. Gandhi and she had given a satisfactory answer of all Questions.

A programme was completed at 1:30 pm.

Vote of thanks was deliver to Mrs. Gandhi and Ms. Jalpaben Kothari by Mrs. B.M. Patel for kindly accept invitation and providing her valuable support for successfully completion of programme.

## HEALTH ACTIVITY

There was Thalassemia camp organized on 28/03/14 at our institute. Total 114 students has appeared for blood test. The health concieve event organized by red cross society & rotary club of Akarachi.

Thalassemia Awareness Camp

# AYD IN YOUTH FESTIVAL OF GTU

## AYD IN YOUTH FESTIVAL OF GTU (ACHIEVEMENT OF A.Y.D.T.I. IN YOUTH FESTIVAL)

"Passion rebuilds the world for the YOUTH. It makes all things ALIVE and SIGNIFICANT!" quoted by Ralph Waldo Emerson, was correctly experienced at the largest festival of youth, energy – dreams, passion, achievements. As each zone under GTU associates a theme with youth festival. Being an integral part of Gujarat Technological University, We, at south zone also while heartedly celebrated & participate the 1st youth fest (1st).

GTU has organized its 1st youth festival at "Talari E. G. Polytechnic, Adipal, Kutch" in which A. Y. Dadabhai Technical Institute, Kowamba (R. S.) has taken part with its 17 participants which proves the ability and interest of the college students in cultural activity with tremendous academic performance.

A.Y. Dadabhai Technical Institute, Kowamba (R. S.) has put entry in 10 events among them in 4 events we set the benchmark with 1st, 2nd and 3rd position.

The students of A. Y. Dadabhai Technical Institute, Kowamba (R. S.) got trophies and certificates. The winners are given below.

### ✦ WINNER IN DIFFERENT EVENTS ✦

Sr. No.	ENROLL. NO.	DEPT.	NAME OF STUDENT	EVENT	REMARK
1.	1000109734	COMPUTER	MUNSHI SHEHBAZ	ON THE SPOT PAINTING	1 <sup>st</sup> POSITION

	NEW	AUXILIARY	CHAUDHARI DEVARSHI		

Overall Effort of A. Y. Dadabhai Technical Institute, Kowamba (R. S.) was successful and in future we will put higher benchmark in history of academic.

# TECH TASK - 2012

**A.Y. Dadabhai Technical Institute – (Polytechnic),  
Kosamba, Dist – Surat.**

**COMPUTER ENGINEERING DEPARTMENT**

"Tech Task-2012" is the first technical event organized by computer engineering department on dated 28th September 2012 in the academic year 2012. There was three different competitions arranged under the slogan of "REVEALS INTELLIGENCE". Our aim is to sharpen the technical knowledge and improve ability of the students.

## 1. Digging "C"

"C" is a basic/middle level programming language in Computer engineering. Many of recently developed programming languages use the concepts of "C" language. In our we arranged "Digging C" competition for improve the knowledge about "C" language. There were 30 multiple choice questions regarding to "C" language must be complete in one hour in this test.

## 2. Gallery Glimpse (Poster Presentation)

Especially in computer field, day by day new inventions are done. Our aim of paper presentation was to improve knowledge about the new product or technology in the market. In this competition, students presented their paper presentation on different topics.

## 3. "GK + Aptitude" Test

All the companies conduct general knowledge and aptitude test before hiring the freshers. Our aim was to prepare students for face this type of tests and improve general knowledge and aptitude. There were 30 multiple choice questions including mathematical and logical questions must be complete in one hour in this test.

# COMMUNITY POLYTECHNIC

The community polytechnic scheme was implemented in the year 1986. The scheme is sponsored by MHRD, Govt. of India, for the integral development of rural areas utilizing the facilities and expertise of the college.

The main aim of community polytechnic scheme is the development of the rural population, Especially the younger generation who could not complete their school education and having no idea about framing their life. Along with other activities such as Transfer of Technology, Support Service, the AYD gives much importance to Rural Power Development Programmes.

(We are running an extension center under Govt. Girls Polytechnic, Surat.)

## STAFF DETAILS

1. Principal (Chief-Coordinator) Mr. M.M.DALCHAWAL

2. Internal Coordinator : Mr. P.J.SURTI

3. Head of Department

- 1) Mr. P.A.PATEL (Head of Civil Dept)
- 2) Mrs. S.S. MURTANI (Head of Comp. Dept)
- 3) Mr. S.M.BUKANA (Head of EAC Dept)
- 4) Mr. M.S.DINATH (Head of Electrical Dept)
- 5) Mr. P.J.SURTI (Head of Mechanical Dept)
- 6) Mr. S.A. KAPADIA (Workshop Superintendent)
- 7) Mr. D.G.KALATHIA (T.P.O.)

4. Trainer- 1) Mr. J.M. Solanki

2) Mr. M.F. Desai

3) Mr. D.R. Patel

4) Mr. H.N. Desai

5. Storekeeper / Helper Mr. Ranjeet Chaudhary

1) Mr. Shankar Vasava

VALIDATION PROGRAM

Certificate distribution program for short term courses.

# MICROSOFT TECHNOLOGY ASSOCIATE (MTA)

**Microsoft** Learning

## ABOUT MTA

MTA is a entry-level certification that provides fundamental, up-to-date knowledge to candidates to start a career through Microsoft technologies.

## WHY MTA

In today's competitive world, candidates should have some advantage over other competitors for better career opportunities. MTA provides the same to establish a foundation of a successful IT career in low cost and short time.

## ELIGIBILITY CRITERIA

Minimum 10th pass with basic computer technology.

## PATH FROM MTA TO IT JOBS

Using 12 different Certifications offered by MTA, one can build career as IT professional. All the courses are defined based on 12 different tracks.

## LIST OF CERTIFICATION

- |                            |                                    |
|----------------------------|------------------------------------|
| 1. Software Development    | 7. Web Development                 |
| 2. Database Administration | 8. Net Fundamentals                |
| 3. OS Fundamentals         | 9. Server Administration           |
| 4. Networking Fundamentals | 10. Mobile Development             |
| 5. Security Fundamentals   | 11. Game Development               |
| 6. Windows Development     | 12. HTML 5 Application Development |

Above courses allows candidate to explore a variety of career options in technology with repeatable investment of time and effort.

\*\*At a time candidate can appear for one course only.

\*\* Minimum 10 students should be there to start any course.
